Handwritten signature and initials

Dear Madam/Sir,

It has been brought to our notice that a few candidates have still not submitted their required documents (Such as OBC NCL / Migration Certificate etc) to date.

You are requested to send the last warning message to all such candidates informing them to submit their documents without any delay to you, failing which they will not be allowed to appear in the first-semester examination.

You are advised to not verify their examination forms till all documents are found in order. A notice regarding the above should be put up on the website of the Department/ College

We seek your cooperation in this task.
